Programming with C++ as a Second Language

Lecture 1 – Lab Information

CSE/ICS 45C

Patricia Lee, PhD

Announcement

- Please work on lab 0 during today's regularly scheduled lecture.
- You may go to the main lab located in CS364.
- If you require assistance with this lab, the TA will be available from 10-11 am in CS364. You may ask the staff member in the lab to point out the TA for this class.
- You may work remotely on this but must independently figure out remote access issues as we are providing access to the labs on campus. Here is information on remote access to openlab.ics.uci.edu: http://www.ics.uci.edu/computing/linux/hosts.php
- A link to an electronic copy of *Absolute C++, 5th Edition* is provided in the references of this slide deck.
- We will resume meeting in our regularly scheduled class on Tuesday.

Lab Information
