

INF 102 Concepts of Programming Languages II Homework Homework 3

The following assignments need to be done.

- Exercise 12.1, 14.1, and 15.1
- Program should be runnable from the command line when in the directory (eg, Users/peter/exercises-in-programming-style-peter/week3/):

```
$ ./build_12.py && ./run_12.py:  
$ ./build_14.py && ./run_14.py:  
$ ./build_15.py && ./run_15.py
```
- Make sure the program can be run on in an Unix environment (eg, openLab, Mac os)
- Successfully run over Pride and Prejudice available at the root of the directory.

How to submit:

- Commit your code to your repository on GitHub Classroom.
- Add the following tag to your final commit “**homework-3**”, see **description below**.
- The TA will then visit and grade. Note that time stamps will be checked.
- Questions can be asked through Piazza (piazza.com/uci/spring2018/inf102)

How to add a tag to a commit:

- Checkout the commit you want to tag and run the following line in:

```
$ git tag -a homework-3  
$ git push origin homework-3
```
- Or go to your repository on GitHub, click on **releases**, click on “Create a new release”, and fill out the following information (see image), and click **Publish release**.
