

# Group 2: Student Experience

Michael DiStefano  
Andrew Furusawa  
Raul Plascencia  
Helen Zhu

# What is Student Experience?

Jia Frydenberg

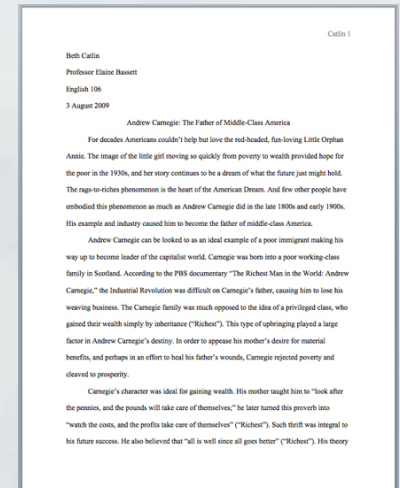

Associate Dean of Distance Learning

Objective

"**Interview students** who participated in certain **online classes** during the 2010 UCI summer session. Try to **analyze what "student experience" means** for these students."

# Method Summary

1. Interview students and professors to gain better insight.
2. Distribute refined questionnaire to online students.
3. Analyze and evaluate responses.
4. Synthesize and formulate results.

# Tasks Completed

Professor responses: 2 of 3

Student interview responses: 7 of 100+

Students interviewed: 0 of 7

- *First interviewee cancelled today :(*
- *Second scheduled for Thursday*

# Results: Professors

## Jutta Heckhausen - Introduction to Psychology

- **Emphasis:** Participation (40%)
  - Encourages discussion/topic engagement.
- **Pros:** Professor gained feedback from students thoughts/concerns.

## Lubomir Bic - Computer Organization

- **Concern:** Cheating
- **Pros:** Work at own pace.
- **Surprises:** Increased student-to-student discussion
  - Questions answered by other students before T.A. or professor.

# Unpleasant Surprises...

- Initial email yielded no responses!
  - Solved: Second email worked.
- Dependency on responses/participants.
  - We have to wait for responses.
- Overlapping responsibilities.
  - We all need to do the same thing.

# Decisions To Be Made

- What questions should we ask in the survey?
  - Based on interviews.
- How many students should we interview?
  - 2 to 3 per class (hopefully).
- How will we synthesize our results?
  - Positive vs Negative experience.
  - Class-to-class comparison
- How will we get survey participants?

# The Next Step...

1. Finish interviews
2. Write survey questions according to interviews
3. Send out survey and begin preliminary report

# Schedule

Week 6	Organize meeting times Begin interviews	Andrew & Raul Helen & Michael
Week 7	Continue interviews Compile results Prepare survey questions	Andrew & Raul All All
Week 8	Wait for responses Organize and compile responses	All
Week 9	Final presentation Begin final report	All
Week 10	Continue final report Finish final report	All

**Thank you for listening!**

**Any Questions?**
