Total Student Enrollment Fall 2021

- Undergraduates: 3,091
- Professional Master's: 340
- Ph.D.: 372
- Total: 3,964

- Female Undergraduates: 25%
- Female Graduate Students: 33%
- Underrepresented Undergraduates: 15%

Tenure-Track Faculty:
- 100, 50% Increase Over 5 Years

U.S. News & World Report:
- #7 Software Engineering undergraduate program
- #12 Computer Science undergraduate program among public universities
- #14 Computer Science graduate program among public universities
- #18 Statistics graduate program among public universities

CSRankings.com:
- #3 Software Engineering research
- #7 HCI research
- #13 Systems research

Programs:
- Undergraduate Programs: 7
  - Business Information Management
  - Computer Science
  - Computer Science and Engineering
  - Data Science
  - Game Design and Interactive Media
  - Informatics
  - Software Engineering

- Professional Graduate Programs: 5
  - Master of Computer Science
  - Master of Data Science
  - Master of Embedded and Cyber-Physical Systems
  - Master of Human-Computer Interaction and Design
  - Master of Software Engineering

- Research Graduate Programs (M.S. and Ph.D.): 5
  - Computer Science
  - Informatics
  - Networked Systems
  - Software Engineering
  - Statistics
