| * Latin honors designation for graduates is tentative and will be adjusted once Spring quarter grades are determined. This is an estimation of the student's latin honors designation after Winter quarter grades were finalized. | | |
| Notes: 1. Students should be prepared to see their designation go up, down, or off the latin honors scale. 2. Students should also be aware that incidents of academic dishonesty will be cause for denial of any honors or awards given. 3. Latin honors is determined as follows: top 16% of graduating class (SU-SP); summa cum laude- 2%, magna cum laude- 4%, and cum laude- 10%. 4. GPAs are never revealed to protect student privacy. School awards are either faculty or staff nominated. Honors in Information and Computer Science represents those who have successfully completed the ICS Honors Program. | | |
