2021-2022

All major courses must be taken for letter grades.
A 2.0 or higher GPA must be earned in both the overall major and in the upper division courses of the major.

Electives Continued

Table with 2 columns: Elective requirements and numbered slots (1-9). Requirements include: (B) Open Electives, Complete nine elective courses across the university, Each course must be 4 units for a total of 36 units, Six courses must be upper division courses, Upper division courses are numbered 100-199, Open electives may not overlap with any other section of major degree requirements.

Topic Varies Courses

The GDIM curriculum currently includes three topic varies courses: GDIM 49, GDIM 129, and GDIM 149.

Topic varies courses mean that while the numbering of the course [GDIM 129] remains the same, the topic offered throughout the year may be different. This means a student can take GDIM 129 one quarter for the core major requirement, and take another GDIM 129 in a different quarter for an upper division core elective.

Applying for Graduation

Graduation is not automatic once you complete all your requirements (UC requirements, General Education requirements, Major requirements, Minor requirements if you are pursuing a minor). You must apply one quarter before your intended graduation date. The deadline is Friday of Week 8 of the quarter prior to your graduation quarter.

For example: If you plan to graduate in Spring quarter of your senior year, your graduation application must be submitted in Winter quarter.

To submit your application, log into StudentAccess ->Applications ->Graduation.
