For the remaining classes you will be asked to provide 1 page that summarizes of the papers presented in class in the previous week, or alternatively answer posted questions from the presenters. For next week see the question below. Make sure to include the paper’s (or chapter) title, authors, and publications place (i.e., conference or journal) as well as the name of the student presenting the paper.

1. Provide a 1-page of a brief summary of the 2 recent presentations by Bobak (on MCTS based on survey) and Kask’s (based on the book’s chapter 2). See also posting on class page. Total text should not exceed one page.
