Homework 1 Grading

• Graded on “good-faith effort”
  • If you made a reasonable effort on a problem, you got full credit
  • Be sure to review the posted solutions.
  • If you have questions, ASK!
Homework 1 Grading (continued)

• A few students did not tell GradeScope where the answers to each question were.

These were graded by:

1. Assigning a score of zero to each answer (resulting in a score of 0 on “Homework 1”)
2. Assigning a separate score on a separate GradeScope assignment called “Homework 1- problems unselected”
3. Your homework 1 score will be the maximum of your grade on “Homework 1” and “Homework 1- problems unselected”

• For future homework assignments, steps 2 and 3 may not be performed. So please review and follow the guidelines for submitting homework via GradeScope.
